3

The Provider Workgroup works

to identify and promote best practices, address provider barriers in adult immunizations, and develop tools and training to improve/enhance providers' adult immunization practices.

This workgroup:

- Serves as a forum for discussion and exchange on key adult immunization issues affecting healthcare providers.
- Highlights examples of adult immunization success.
- Collaboratively develops fact sheets and resource lists.
- Gives provider feedback to CDC and others on adult immunization topics.

2013 to 14 Year

Provider Workgroup Activities

Forum for discussion and exchange on key adult immunization issues affecting healthcare providers:

Topics covered: ACA, Training, Communications, Business Tools, Disparities, Healthcare Worker Vaccination

Highlights examples of adult immunization success

What Works Vignettes, on display at the Summit and posted on the NAIS website

Collaboratively develops fact sheets, resource lists and other projects:

Topics; Business tools, disparities, HCP vaccination, Medscape training

Provider feedback to CDC

Feedback and pilot testers on the new CDC immunization app and on their online adult quiz, and to Healthmap on their VaccineFinder

Today's Focus: Immunization Business Tools

Making Vaccines a Winning Proposition for Providers

What can we do to make vaccines a more winning proposition for healthcare providers?

Today's Panel Discussion:

- Introduction and Perspective from the Adult Primary Care Provider: Laura Lee Hall, PhD, American College of Physicians (11-12 minutes)
- Panel Discussion on Business Approaches, Tools, and Barriers Faced by Providers:
 - Debra Hawks, MPH, American College of Obstetricians and Gynecologists (7 to 8 minutes)
 - Jeff Goad, PharmD, MPH, Titus Family Department of Clinical Pharmacy and Pharmaceutical Economics & Policy, USC School of Pharmacy (7 to 8 minutes)

Tell us, Laura Lee Hall from American College of Physicians:

What is ACP doing to make
vaccines a winning proposition for
healthcare providers?

Tell us, Debra Hawks from American College of Ob/Gyns:

What is ACOG doing to make
vaccines a winning proposition for
healthcare providers?

Tell us Jeffrey Goad, speaking on the pharmacists' perspective:

What are pharmacists doing to
make vaccines a winning
proposition for healthcare
providers?

Discussion Segment

What can we do
to make vaccines a
winning proposition
for healthcare providers?
