

**Jane Kim MD, MPH**  
**Deputy Chief Consultant for Preventive Medicine**  
**VA National Center for Health Promotion and Disease Prevention**

Prior to assuming her current role with the Department of Veterans Affairs, Dr. Kim was a primary care provider and women's health medical director at the Durham VA Medical Center. She continues to see patients in a primary care practice at the Durham VA. Her interests include clinical prevention policy and implementation of preventive services in the primary care setting.
