

NAIS Provider Workgroup

Proposed 2014-15 Plan

Theme: Making Vaccines a Winning Proposition for Providers

Activity	Point Person	Details
Business Tools	<i>Laura Lee Hall</i>	Inventory and promote tools for healthcare providers that help physician practices purchase vaccines. Discussion on this: December 4, 2014
Cost v. Reimbursement Rate Comparison	<i>Annette Schmidt</i>	Study the costs of giving an adult immunization and make comparisons with reimbursement rates. Forward documentation of this to Decision-makers Workgroup. Discussion on this: February 5, 2015
Promote Immunization as Quality Improvement Project of Choice for Providers with QI Project Requirements	<i>Laura Lee Hall and ???</i>	Post a page on CDC or Summit website that promotes immunization as the QI project of choice. Target: Those residents or practicing clinicians who must carry out a quality improvement project, as a requirement of their residency training or “maintenance of certification” process. The page will include list of resources and up to 6 examples of QI projects that are replicable. Discussion on this: January 8, 2015 <ol style="list-style-type: none"> 1. Identify the performance reporting requirements for professionalism across professions (MD, pharm, np, etc.), public reporting, and reimbursement that could be used to leverage immunization QI projects 2. Provide sample QI projects
Monthly Discussions Sessions on Provider Topics	<i>LJ Tan/ Susan Farrall</i>	Topics of Discussion Sessions: <ul style="list-style-type: none"> • Implementation Science, Oct 2, 2014 • Immunization Documentation: Three-Part Series: Oct. 24, Nov 5 and Nov. 6 • Business Tools, December 4, 2014 • Quality Improvement and Training, January 8, 2015 • Comparing Costs and Reimbursement Rates Discussion, February 5, 2015 • March Date: Topic to be determined • Disparities, April 2, 2015
