Breakout Activity for Provider and Access Workgroups

at NAIIS Breakout Meeting, May 13 2015

Brainstorming Exercise

As in the TV show, *SharkTank*:

- We would like this session to be a forum for generating good ideas.
- Spirit of innovation, getting results

Unlike the TV Show *SharkTank*:

- No funders at the ready. No real live “sharks.”
- Objectives: Increased adult immunization rates, not dollar profits.

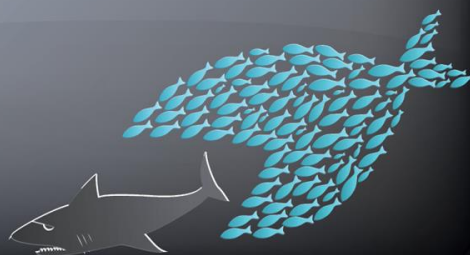

Here's my idea:

Submission by: ☐ Anonymous ☐ _____

Here's my idea:

A solid scientifically reputable study that determines the true cost of administering adult vaccinations.

Submission by: ☐ Anonymous ☒ Provider Workgroup

Here's my idea:

More automatic connections between electronic health records and state immunization information systems.

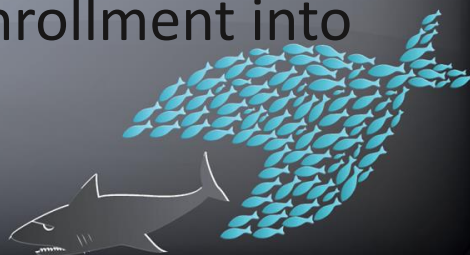

Submission by: ☐ Anonymous ☒ Provider Workgroup

Here's my idea:

A brochure that explains the benefits of IIS to providers, that really resonates with them and prompts their enrollment into their state IIS.
