

**James Daniel MPH
Public Health Coordinator
Office of the National Coordinator (ONC) for Health Information Technology
US Department of Health and Human Services**

James Daniel coordinates ONC activities with state and local health departments and the Centers for Disease Control and Prevention around the implementation of Meaningful Use objectives. He serves as the principal contact between ONC and CDC, participating on all key CDC Health IT related issues. Mr. Daniel also serves as an Adjunct Assistant Professor of Drug Regulatory Affairs at Massachusetts College of Pharmacy and Health Sciences.

Mr. Daniel obtained a Master of Public Health in Epidemiology and Biostatistics from Boston University School of Public Health and a Bachelor of Arts in Microbiology from the University of Texas.
