

**Therese Hoyle BSHE  
Consultant  
Public Health Informatics Institute and  
Michigan Department of Community Health**

Therese Hoyle has been working in the field of Immunization Information Systems for the past 19 years. She is currently working with the Michigan Department of Community Health providing project management assistance for the interoperability team for the IIS (MCIR). She also works with the Public Health Informatics Institute as a consultant on the IIS Enhanced Technical Assistance Project, and the Public Health Informatics Academy.

Ms. Hoyle is the Board Chair for Every Child By Two (ECBT), which was founded by Former First Lady Rosalynn Carter and Former First Lady of Arkansas Betty Bumpers in 1991 as a result of the Measles epidemic that killed over 120 people, many of them children. The goals of ECBT are to raise awareness of the critical need for timely immunizations and to foster a systematic way to immunize all of America's children by age two. She also is a member of the Board for the American Immunization Registry Association, a membership organization that exists to promote the development and implementation of immunization information systems (IIS) as an important tool in preventing and controlling vaccine preventable diseases.
