

ADULT IMMUNIZATION POSTER SESSION

National Adult Immunization Coordinators' Partnership (NAICP)

Join the NAICP for our first poster session at the National Adult and Influenza Immunization Summit (NAIIS)! State and local public health organizations will be sharing posters with information on adult immunization projects in their jurisdictions. This is an excellent time to meet individuals from other states and project areas, and learn about what they are doing to raise adult immunization coverage levels.

Designated poster-viewing time is scheduled for Tuesday, May 12 from 5:00-5:30 p.m. Some of the posters will be available for viewing during the entire conference.
