

Amy Behrman MD, FACP, FACOEM
Associate Professor
Medical Director, Occupational Medicine
University of Pennsylvania

Dr. Amy Behrman has directed the Occupational Health Service of a large academic medical center for 20 years. Her practice and academic interests focus on preventing and treating occupational infections, as well as addressing adult vaccine hesitancy and improving access to adult immunizations. She is responsible for a broad range of adult workplace vaccine initiatives, including an influenza vaccine program for more than 20,000 healthcare personnel which has been mandatory since 2009.

Dr. Behrman serves as Vice Chair for Education of the ACOEM Medical Center Occupational Health Section.
