

**Warren Williams MPH  
Acting Branch Chief  
Immunization Information Systems Support Branch  
National Center for Immunization and Respiratory Diseases  
Centers for Disease Control and Prevention**

Mr. Williams has worked in a variety of programs, informatics projects, and surveillance efforts. He has experience in maternal and child health programs, cancer registries, and, most recently, immunization registries. He has been working at CDC since 1991.

Mr. Williams received his MPH degree from Emory University in 1991.
