

**Loren Rodgers PhD
Evaluations Team Lead
Immunization Information System Support Branch
Centers for Disease Control and Prevention**

Loren Rodgers completed his Ph.D. in Biology at the University of California San Diego. Subsequently, he was commissioned into the Commissioned Corps of the US Public Health Service, serving as a Vaccine Reviewer and Regulatory Project Manager at the US Food and Drug Administration. Dr. Rodgers then completed a two-year assignment as a CDC Epidemic Intelligence Service officer assigned to the Ohio Department of Health.

Beginning in 2012, Dr. Rodgers led the Immunization Information System - Trends in Immunization Practices System (IIS-TIPS). In his current role as Team Lead for the CDC Immunization Information System Support Branch's Evaluations Team, which oversees all aspects of IIS-TIPS, the IIS Sentinel Site program, the IIS Annual Report (IISAR), and other epidemiologic projects and program evaluation activities.
