II. PARTNER UPDATES
III. WG UPDATES
Review of 2017 Accomplishments:

- Aligned measure development activities with the CMS End-Stage Renal Disease (ESRD) Quality Incentive Program (QIP)
- Contracted the National Committee for Quality Assurance (NCQA) for the development of adult & prenatal composite measures with the goal of incorporating measures into the 2019 Healthcare Effectiveness Data and Information Set (HEDIS)

Current Progress

• The ESRD Subgroup (Retired) drafted a set of recommendations to CMS on potential ways to improve existing ESRD quality programs administered by Medicare; currently accepting signatures from NAIIS partners until **11:59pm (ET), Thursday, March 15**.

• NCQA presented its preliminary field testing results of the Prenatal & Adult composite measures to its Measurement Advisory Panels in Oct & Dec 2017; public comment period is now open until **11:59pm (ET), Tuesday, March 13**.
Next Steps

• Potential submission as candidate measures for the following programs’ considerations:
  – *Medicare*:
    • Merit-Based Incentive Payment System (MIPS)
    • Medicare Shared Savings Program – Accountable Care Organizations
    • Medicare Advantage (MA) – Star Ratings
  – *Medicaid*: Adult & Child Core (for Prenatal Measure Only) Sets
  – *NQF*: Endorsement
  – *Other*?
