# CDC Update

David Kim, MD  
Centers for Disease Control and Prevention (CDC)

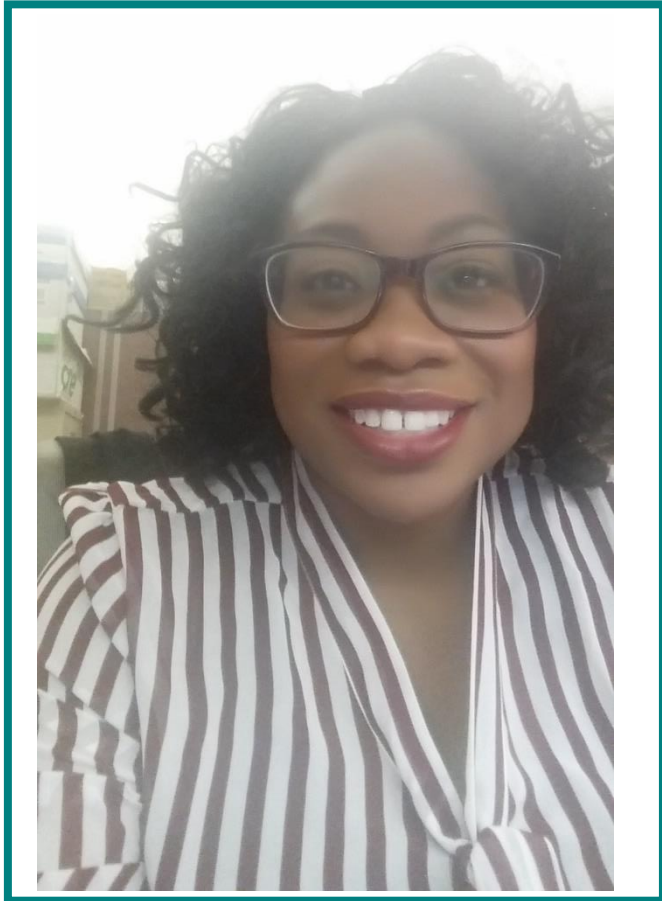

# Edward Wake

New York City Department of Health and Mental Hygiene

Edward Wake is the Adult Immunization Unit Chief for the New York City Health Department and a Public Health Advisor for the Centers for Disease Control and Prevention.

# Nichole Dantzler, MBA

## Philadelphia Department of Public Health

# National Association of Community Health Centers

## **Colleen Meiman Senior Policy Advisor**

Colleen Meiman joined the National Association of Community Health Centers (NACHC) as the Director of Regulatory Affairs in January 2015. She is currently NACHC's Senior Policy Advisor, and is responsible for working with HRSA

and other Federal agencies on policy issues that affect Health Centers and their patients. Previously, Colleen spent over two decades in the Federal government, including in the Office of the HHS Secretary, in the US Senate, and in numerous positions within HRSA, including in the Bureau of Primary Health Care, which oversees the Community Health Center program. Colleen's expertise is in the regulatory, administrative, and financing aspects of Section 330, Medicaid, Medicare, 340B, and the Affordable Care Act, and how they relate to health centers.

## **Sarah Price, MSN-Ed, RN Deputy Director, Public Health Integration**

Sarah Price, MSN-Ed, RN has over 17 years of nursing experience, focused in community and public health. Sarah is currently the Deputy Director of Public Health Integration at NACHC focused on Adult Immunization and Family Planning

innovations. She is also an Adjunct Faculty for Public Health Nursing at Georgetown School of Nursing where she shepherds undergrad and graduate nursing students through their public health nursing rotations. Previously, Sarah was a Nurse Care Manager/Director of Nursing for 12 years at Unity Health Care, Inc, a large community health center in Washington, DC. Throughout all her roles, Sarah had specialized in developing, piloting, implementing and evaluating strategies related to interdisciplinary care services and innovative primary care workflows.

# Thank you!
