

**Elif Alyanak**  
**Research Scientist and Epidemiologist**  
**Influenza Division**  
**Centers for Disease Control and Prevention**

Ms. Alyanak is a Research Scientist and Epidemiologist with Battelle, currently employed within the Influenza Division at the Centers for Disease Control and Prevention. She has over 5 years of experience in designing, implementing, and conducting public health research, with significant experience in project management and coordination. Since September 2018, she has served in the research scientist/epidemiologist role, supporting influenza subject matter experts on the Advisory Committee on Immunization Practices (ACIP).

Beginning work at the CDC in 2015, she originally served as the project coordinator and data analyst for the U.S. Hospitalized Adult Influenza Vaccine Effectiveness Network (HAIVEN).
