

**Rebel McKnight, CPHIT, CPEHR**  
**Immunization Task Director**  
**atom Alliance**

In her role with the atom Alliance, Mrs. McKnight ensures that quality and performance success is achieved throughout the immunization contract. As part of this group, her goal is to improve healthcare quality and increase pneumococcal and influenza immunization rates across the atom Alliance region.

Mrs. McKnight has more than 20 years of experience in the medical industry. She has worked effectively under quality improvement (QI) contracts with the Centers for Medicare & Medicaid Services (CMS) as a leader at a federally designated QIO for 15 years, and with a State Department of Human Services for five years. Her varied experience within the medical field includes management of both outpatient and inpatient settings, and experience training and leading successful EMR installations.
