

# National Adult Immunization Coordinators' Partnership (NAICP) Quarterly Call

July 9, 2019

2:00 - 3:00 p.m. (EST)

# NAICP Executive Committee (EC) Updates

## Member Evaluation Survey

- Purpose of the survey to solicit your ideas for topics to cover on future quarterly calls and evaluate our current quarterly call structure
- Please complete the following survey by August 1, 2019:

<https://www.surveymonkey.com/r/Q239ZCH>

# Agenda

- Wisconsin's presentation on FQHCs
- NAICP in-person meeting summary
  - Partnerships before, during and after outbreaks
  - Pandemic Influenza Planning
- CDC update
  - Summary of June ACIP meeting

# NAICP In-person Meeting Summary

## Partnerships Before, During and After Outbreaks

- Do you have partners now that work with the homeless populations in your jurisdiction?
- Have you identified any new partners from recent outbreaks? How do you maintain partnerships outside of an outbreak?
- What new or existing strategies do you plan to implement, or have implemented, to work with vaccine-hesitant communities?
- Has your jurisdiction recently reviewed legal, programmatic, and administrative plans for isolation and quarantine of individuals and facilities impacted by vaccine-preventable diseases?

Sarah Hershey

New York Department of Health

# NAICP In-person Meeting Summary

## Pandemic Influenza Planning

- How does your jurisdiction currently and/or plan to collect vaccinator partner names and contact information to support timely outreach during an influenza pandemic?
- How does your jurisdiction currently and/or plan to assess vaccination capacity among identified partners? Specifically include the work your jurisdiction is doing with pharmacists and pharmacies.
- What are examples of influenza community vaccinating programs and partnerships in your jurisdiction? Help us capture what works and what barriers have been identified in these examples.
- How does your state or jurisdiction work with or plan to work with your emergency preparedness staff?

# Jennifer Dillaha, MD

## Arkansas Department of Health

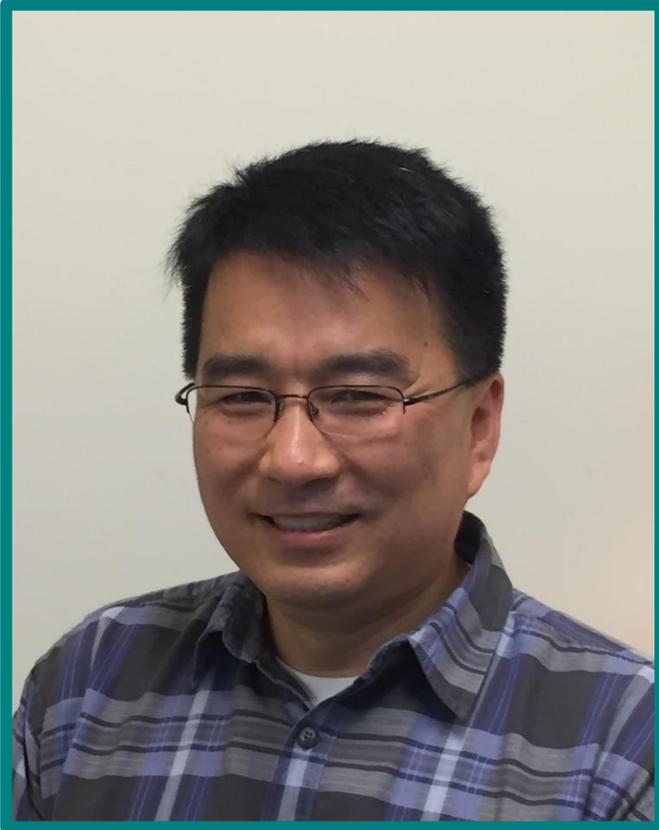

Dr. Jennifer Dillaha is the Medical Director for Immunizations at the Arkansas Department of Health. Her charge in that role is to improve Arkansas's immunization rates, particularly among adults. She is uniquely prepared for that role as a physician with specialty training in internal medicine and subspecialty training in infectious diseases and in geriatric medicine.

She is currently serving as the Chair of the Arkansas Cervical Cancer Task Force and Chair of the Arkansas Immunization Action Coalition's Board of Directors. Under her leadership, low health literacy has been recognized as an important public health problem in Arkansas, and the Health Department has integrated health literacy into its strategic plan.

# David Kim, MD

## Centers for Disease Control and Prevention (CDC)

Dr. David Kim has been with the CDC since 1995 and joined the Immunization Services Division in 2014. Among other duties, he is the CDC lead for the Advisory Committee on Immunization Practices (ACIP) Adult Immunizations Working Group and presides over the adult immunization schedule.

# Thank you!
