Flu Vaccination Clinic

BRINGS YOU A...

Why Are Vaccinations Important?

- Immunizations can save your child's life
- Immunizations are safe and effective
- Immunization protects others you care about
- Immunizations can save your family time and money
- Immunizations protect your child's education
- Immunizations protect your business

When: Saturday, October 19th from 9:00 am until 12:00 pm
Where: 201 N. 6th Street, Canon City, CO 81212
What to bring: Please wear short sleeved shirts.
 Vaccinations will be provided free of charge at this event.

Community Flu Clinics

2019 marked the 5th year of providing a free flu clinic to the Fremont County community. An average of 300 patients receive a flu vaccination each year from this clinic at no charge to them or their insurance provider.

Traveling Flu Clinics

In our rural community, it is imperative that we reach those who are unable to come to us. In 2019, we took our immunization clinic on the road and provided nearly 400 flu vaccines at 17 clinics.

- 7 Nursing and Care Facility Clinics
- 4 Government Agency and Employer-based Clinics
- 3 School District Clinics
- 3 Community Wide Clinics
