Dr. Beysolow is a physician and public health professional with extensive experience at the Centers for Disease Control and Prevention (CDC) in the Immunization Services Division.

Under YB Consultants, LLC (YBC), which Dr. Beysolow founded in March 2020, she offers public health expertise to international, federal, state, and local organizations, providing subject matter expertise and coordinating strategic partnerships. The YBC team excels in project management, capacity building, meeting facilitation, communication, health equity content development, and implementing effective strategies.

In December 2023, Dr. Beysolow was appointed as the Health Ministry Director of the A.M.E. Zion Denomination. This role underscores her commitment to enhancing the overall well-being of the A.M.E. Zion Denomination constituents and the wider community. Under her leadership, the Health Ministry within the Denomination focuses on promoting physical, mental, and spiritual well-being among its congregations and the communities it serves.

As an Immunization Subject Matter Expert (SME), Dr. Beysolow provided technical expertise to 64 federally funded state, territorial, and local public health immunization programs from 2020 to 2024 for the CDC's Racial and Ethnic Approaches to Community Health (REACH) program, in partnership with the Association of Immunization Managers (AIM). The REACH program supported community organizations addressing influenza and COVID-19 vaccination coverage for racial and ethnic groups facing disparities in vaccination rates. Dr. Beysolow offered strategic leadership and developed messaging, webinars, e-modules, and health equity podcasts on COVID-19, influenza, and vaccines for healthcare providers and general audiences.

Dr. Beysolow also provides technical expertise on immunizations to various national and international organizations, including the National Minority Quality Forum. She is one of the Ask the Experts for Immunize.org, offering practical immunization guidance to staff nationwide. Dr. Beysolow is the Chair of the EPIC Advisory Committee for the Georgia Chapter of the American Academy of Pediatrics (AAP), where she educates physicians and healthcare providers throughout Georgia. She also serves as the Georgia Chapter's Immunization Representative to the AAP and as the Physician Lead for National and Chapter-led Quality Improvement Initiatives. Additionally, Dr. Beysolow is a member of the following Advisory Boards: The Quality Improvement Education Advisory Group for the American Academy of Pediatrics (appointed December 2022) and the CDC Cooperative Agreement on Equity and Vaccines at the Center for Sustainable Health Care Quality and Equity, National Minority Quality Forum (appointed January 2023).

Dr. Beysolow, a pediatrician with over 20 years of experience in private practice, urgent care, and telemedicine, co-founded Atlanta Pediatric Partners, P.C., in 2001 and was a managing

partner until 2019. She is grateful for the opportunity to have served thousands of patients and families as their pediatrician.

During her tenure at the CDC (2008-2014), Dr. Beysolow played a pivotal role in the U.S. Childhood Immunization Schedule Working Group, which she led as the CDC representative from 2011 to 2014. Her role involved coordinating all working group activities, collaborating with leaders from national organizations, and designing and implementing a significant change to the format of the U.S. Childhood Immunization Schedule for 2013.

Dr. Beysolow is actively engaged in global health and has developed, organized, and led six medical mission trips to Liberia, Angola, and Rwanda with the A.M.E. Zion Church from 2008 to 2024, providing free healthcare services while collaborating with Ministry of Health leaders and local health providers in these countries.

Dr. Beysolow is a wife and mother and a strong advocate for equitable health access for all.
