

Christine Polivka

US Customer Strategy & Engagement Lead, Infectious Diseases Therapy Area, AstraZeneca

Christine Polivka serves as the US Customer Strategy & Engagement Lead for the Infectious Diseases Therapy Area at AstraZeneca. In this role, she supports customer strategy for FluMist and FluMist Home, with a focus on expanding access to innovative vaccination models across healthcare, retail pharmacy, employer, and health-system channels. Christine brings broad commercial vaccine experience across sales, market development, market access, customer engagement, and launch execution, including prior leadership roles supporting retail market access and the COVID-19 response.
