

Uncertainty and Unprecedented Threats

- Fiscal Year 2025 Continuing Resolution
 - Congressional Direction < Administration's Discretion
- U.S. Department of Government Efficiency (DOGE)
 - ~\$11 billion in grant terminations that were obligated for activities through 2027
 - Directing additional HHS contract reductions, by as much as 35%
- HHS Reorganization and Reductions in Force
- FY2026 Appropriations and Budget Reconciliation

A small icon of a shield with a virus inside, and a small icon of a classical building, are located in the bottom right corner of the slide.

317 Immunization Program

- Enacted by Congress in the 1960s; authorizes an annual pot of funds
- Backbone of the Immunization Infrastructure:
 - Majority of funds support state and local jurisdictions provide staff, immunization data infrastructure systems, and educational materials
- Smaller portion supports vaccine purchase for adult immunization initiatives

Program Operations	
	State and Local Operations
	National Program Operations
Vaccine Purchase	
	Uninsured Adults
	Time-Sensitive Public Health Needs
