

**Angela K. Shen, ScD, MPH**

**Retired CAPTAIN from the US Public Health Service, Adjunct Associate Professor in the School of Medicine and Senior Fellow at the Leonard Davis Institute of Health Economics University of Pennsylvania and Visiting Scientist at Children's Hospital of Philadelphia.**

Dr. Angela Shen is a vaccine policy expert and health services researcher with over 25 years of experience, specializing at the intersection of policy and practice in health disparities, access to immunization services, vaccine confidence, and barriers to innovation. Dr. Shen has an extensive record of health services research experience and has published over 70 peer-reviewed publications and licensed over 10 biologic products, including four vaccines. She is currently a consultant to the World Health Organization and other public health organizations working on improving access to routine immunizations and strengthening immunization infrastructure.
