# Recommendation Tool

The screenshot shows the HealthMap Vaccine Finder website. The browser address bar displays `vaccine.healthmap.org/index_all.php`. The page title is "HealthMap Vaccine Finder". On the left, there is a list of nearby pharmacies:

- CVS/Pharmacy Store #1212, 294 Harvard Street, Brookline, MA 02446, (617) 566-6860
- Walgreens, 1324 Beacon St, Brookline, MA 02446, (617) 566-3086
- CVS/Pharmacy Store #6, 1322 Beacon Street, Brookline, MA 02446, (617) 731-4410
- Walgreens, 99 Harvard St, Brookline, MA 02446, (617) 731-4535

The main area is a map of Brookline, MA, with various vaccine locations marked with pins. On the right, there is a "Find Vaccines Near You" section with a search bar containing "02446". Below the search bar, there are checkboxes for "Show flu vaccines" (Flu Shot, Nasal Spray, Intradermal Shot, High-Dose Shot) and "Show adult vaccines" (Hepatitis A, Hepatitis B, HPV, MMR, Zoster, Tdap, Td, Meningococcal, Pneumococcal, Varicella). At the bottom, there are two red buttons: "What Vaccines Do I Need?" and "Report & See Vaccine Shortages". The footer shows "Powered by" logos for vaccines.gov, FLU.gov, and HHS.gov, and "Showing availability for 41,681 locations."

# Recommendation Tool

The screenshot shows the HealthMap Vaccine Finder website with a modal form overlaying the map. The browser address bar displays `vaccine.healthmap.org/index_all.php`. The page title is "HealthMap Vaccine Finder". The modal form contains the following questions:

- Select your age: [34] (dropdown menu)
- Are you:  male  female
- Select your state: [MA] (dropdown menu)

At the bottom right of the modal form is a red "NEXT" button. The background shows the same map and sidebar as the previous screenshot, but they are partially obscured by the modal form. The footer shows "Powered by" logos for vaccines.gov, FLU.gov, and HHS.gov, and "Showing availability for 41,681 locations."

# Recommendation Tool

The screenshot shows the HealthMap Vaccine Finder interface. A central questionnaire is displayed over a map of Brookline, MA. The questionnaire consists of 11 questions with radio button options for 'yes' and 'no'. The questions are:

- Are you currently pregnant?
- Are you immunocompromised due to chemotherapy or a non-HIV infection?
- Are you HIV-positive?
- Do you have any of these conditions: heart disease, chronic lung disease, chronic alcoholism?
- Do you have asplenia (including elective splenectomy and persistent complement component deficiencies)?
- Do you have chronic liver disease?
- Do you have any of the following conditions: diabetes, kidney failure, end stage renal disease, or dialysis?
- Do you work with patients in a healthcare setting?

At the bottom of the questionnaire is a red 'submit' button. The interface also includes a sidebar with pharmacy locations, a search bar for zip codes (02446), and a list of available vaccines such as Flu Shot, MMR, and Hepatitis B.

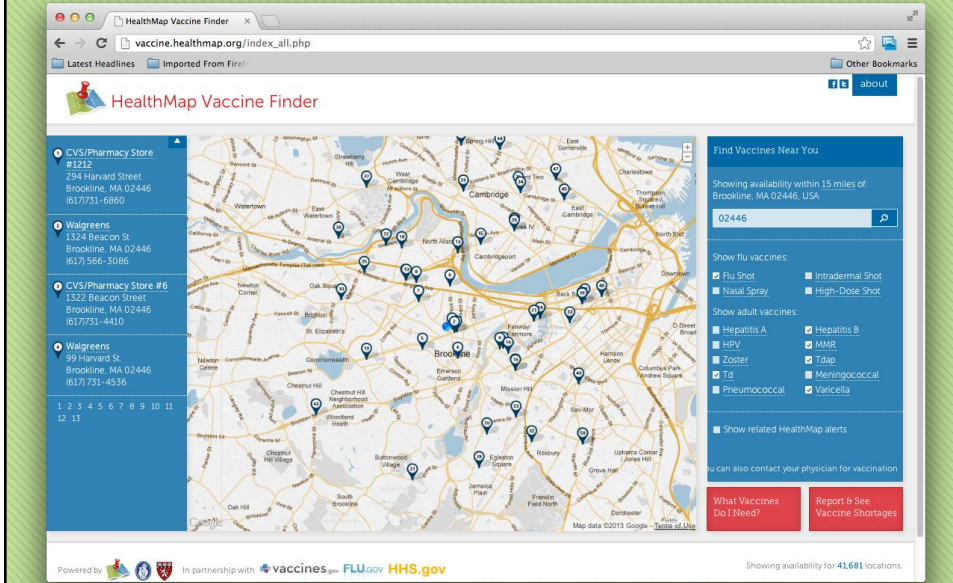

# Recommendation Tool

The screenshot shows the HealthMap Vaccine Finder interface after the questionnaire is completed. A central panel displays the following text: "The following vaccinations may be recommended for you. Please discuss all vaccinations with your provider. Your current health status, risk factors, and medical history may affect which vaccines you should receive." Below this text is a list of recommended vaccinations with checkboxes:

- Influenza
- Td
- Tdap
- Varicella
- MMR
- Hepatitis B

A red 'search' button is located at the bottom of this list. The rest of the interface, including the map, sidebar, and vaccine list, remains the same as in the previous screenshot.

## Next Steps- Improved Supply Data

# Next Steps- Appointment Scheduling

The screenshot shows the Walgreens website's 'Schedule a Vaccination' page. The URL is [https://www.walgreens.com/pharmacy/scheduler/vaccinations.jsp?ec=display\\_healthmap\\_immunizations](https://www.walgreens.com/pharmacy/scheduler/vaccinations.jsp?ec=display_healthmap_immunizations). The page features the Walgreens logo and navigation menus. The main heading is 'Schedule Flu Shots and Vaccinations.' Below this, there is a sub-heading 'Protect yourself and those you love with a vaccination at Walgreens.' and a note that 'CDC-recommended vaccinations are available at participating Walgreens pharmacies.' There are two buttons: 'Check availability for... One Patient' and 'Check availability for... A Family Or Group'. On the right side, there are sections for 'Need to Change an Existing Appointment?', 'Track Your Immunizations', and 'Vaccination Information' which lists various vaccines like Flu (Influenza), Chickenpox (Varicella), Hepatitis A (Hep A), etc.

# Next Steps- Recruitment

The screenshot shows the 'HealthMap Vaccine Finder' website. The URL is [vaccine.healthmap.org/index\\_all.php](http://vaccine.healthmap.org/index_all.php). The page features a map of the Boston area with various vaccine locations marked. On the left, there is a list of nearby Walgreens and CVS/Pharmacy stores with their addresses and phone numbers. On the right, there is a 'Find Vaccines Near You' section with a search bar containing '02446'. Below the search bar, there are checkboxes for 'Show flu vaccines' (Flu Shot, Nasal Spray, Intradermal Shot, High-Dose Shot) and 'Show adult vaccines' (Hepatitis A, HPV, Zoster, Tdap, Meningococcal, Pneumococcal, Hepatitis B, MMR, Varicella). At the bottom, there are buttons for 'What Vaccines Do I Need?' and 'Report & See Vaccine Shortages'. The footer indicates the site is powered by 'vaccines.gov', 'FLU.gov', and 'HHS.gov' and shows availability for 41,681 locations.

**About HealthMap Vaccine Finder**

HealthMap Vaccine Finder is a free, online service where users can search for locations offering flu vaccines. We work with partners such as clinics, pharmacies, and health departments to provide accurate and up-to-date information about receiving the flu vaccine. Our goal is to make flu vaccination available to everyone by simplifying the process of choosing and finding a vaccine provider.

In 2012, Google passed the baton to HealthMap when they retired Google's Flu Vaccine Finder. Google has worked closely with HealthMap as they've created the new HealthMap Vaccine Finder. If you have previously provided data to Google Flu Vaccine Finder, you will need to register and upload your location data to HealthMap. [Register](#).

Should you need further assistance, please contact us at [vaccine@healthmap.org](mailto:vaccine@healthmap.org).

**About HealthMap**

HealthMap is a team of researchers, epidemiologists and software developers at [Boston Children's Hospital](#).

**Vaccine Basics**

This content has been adapted from [healthfinder.gov](#).

- Get a flu shot every year. The seasonal flu vaccine is the best way to protect yourself and others from the flu.
- Get the Tdap vaccine to protect against tetanus, diphtheria, and whooping cough.
