

**Date of meeting:** February 5, 2015

**Topic/Focus:** Cost of Adult Vaccination

**Speakers/Facilitators:** Discussion session with L.J Tan and Maggie Coleman

**Meeting Summary:** This was a discussion about the topic. The Provider Workgroup advocates for a strong study to compare the cost of adult vaccination versus the reimbursement rates for an average clinical practice.

**Resources Shared:**

- The Business Case for Pricing Vaccines, from American Academy of Pediatrics (Revised 3/12)
- Article: “Estimating medical practice expenses from administering adult influenza vaccinations”

**Action Item(s):** The Provider Workgroup continues to advocate for a strong solid study to compare the cost of providing adult vaccinations in an average medical practice versus the reimbursement rates.
