# Access to Data

2

2

Regardless of where you received a vaccine....

3

3

You and your healthcare provider need access to your vaccination record

**COVID-19 Vaccination Record Card** 

Please keep this record card, which includes medical information about the vaccines you have received.  
Por favor, guarde esta tarjeta de registro, que incluye información médica sobre las vacunas que ha recibido.

Last Name \_\_\_\_\_ First Name \_\_\_\_\_ MI \_\_\_\_\_

Date of Birth \_\_\_\_\_ Patient number (medical record or NS record number) \_\_\_\_\_

Vaccine	Product Name/Manufacturer Lot Number	Date	Healthcare Professional or Clinic Site
1 <sup>st</sup> Dose COVID-19	.....	mm / dd / yy	
2 <sup>nd</sup> Dose COVID-19	.....	mm / dd / yy	
Other	.....	mm / dd / yy	
Other	.....	mm / dd / yy

## Data Lakes, Data Warehouses

- Multiple jurisdictions are enabling the use of secondary databases or partnerships to avoid further load on IIS
  - Data lakes that don't interfere with production intake (e.g., Minnesota, California)
  - Interagency Agreements (IAAs) that allow for broader processing, matching, and sorting of data for payers (e.g., Oregon)

## The Evolution of Vaccine Records & Patient Access

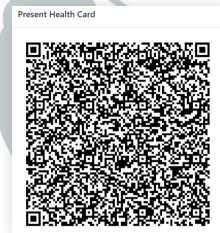

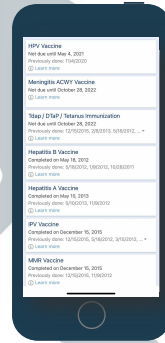

**COVID-19 Vaccination Record Card**

Please keep this record card, which includes medical information about the vaccines you have received.  
Por favor, guarde esta tarjeta de registro, que incluye información médica sobre las vacunas que ha recibido.

Last Name \_\_\_\_\_ First Name \_\_\_\_\_ MI \_\_\_\_\_

Date of Birth \_\_\_\_\_ Patient number (medical record or NS record number) \_\_\_\_\_

Vaccine	Product Name/Manufacturer Lot Number	Date	Healthcare Professional or Clinic Site
1 <sup>st</sup> Dose COVID-19		mm / dd / yy	
2 <sup>nd</sup> Dose COVID-19		mm / dd / yy	
Other		mm / dd / yy	
Other		mm / dd / yy	

It is critical to understand - the issuance of a digital record **does not** create the policy for how these records may be used. It simply moves a paper record to a digital format much like paper mail largely moved to e-mail.

## Clinical Trial Data

- 300,000 + records
- Participants are being excluded without a record in an IIS
  - University requirements
  - Event requirements
- Clinical trial sites maintain data
- Working with IIS, manufacturers & CDC to identify the best way(s) to report this data to IIS

**COVID-19 Vaccine Trial Participant**

Vaccines recorded on this card were received through participation in a clinical trial. The individual can be considered "fully vaccinated" for public health purposes. However, this does not imply that the vaccine has been authorized by the FDA, or is recognized by CDC or ACIP.
