

Summit Adult Vaccine Recommendations Review (SAVRR) Council Meeting

July 14, 2026

Co-chairs: Bob Hopkins, MD & Jane R. Zucker, MD, MSc, FIDSA
Discussion Facilitator: L.J Tan, MS, PhD, Co-Chair, NAIIS

Agenda

- Opening statement – Bob Hopkins
- Welcome American Thoracic Society (ATS) and Children’s Hospital of Philadelphia Vaccine Education Center (CHOP-VEC) to the Council
- American Medical Association (AMA) & Vaccine Integrity Project (VIP) updates on respiratory season roll-out plans and communication materials- Andrea Garcia & Sandra Fryhofer (AMA), Sherri Berger & Kevin Griffis (VIP)
- Discussion: Clinical considerations, including pharmacies’ ability to vaccinate without ACIP recommendations (e.g., COVID vaccine) – Bob Hopkins
- Other items from the membership
- Next meeting – August 11 from 1:00 – 2:30 pm ET

Opening statement

SAVRR Council Scope and Objectives

SAVRR stands for the Summit Adult Vaccination Recommendations Review; accordingly, this group is the SAVRR Council.

Because the Summit covers influenza vaccination across the lifespan, the Council will address influenza recommendations across all ages in addition to adult vaccination recommendations.

Objective 1: Provide stakeholder feedback on recommendations

- The Council will serve as a forum—similar to the function that was previously provided by the liaisons to the ACIP—to provide stakeholder feedback to recommendation-developing bodies (currently the medical societies and professional organization who are members of SAVRR) during development and, as needed, after publication.

Objective 2: Support implementation of evidence-based recommendations

- The Council will provide guidance to support effective clinical implementation of evidence-based vaccine recommendations from professional medical societies and ACIP, as appropriate.
- This work includes identifying and clarifying differences among recommendations; highlighting gaps and opportunities for alignment; identifying interventions for the Summit's working groups and its partners; and helping to disseminate clear, practical guidance through the National Adult and Influenza Immunization Summit (NAIIS) communication channels.

Welcome to the Council!

American Thoracic Society (ATS):
Justin Ortiz and Tina Hartert

Children's Hospital of Philadelphia Vaccine Education
Center (CHOP-VEC): Lori Handy

Discussion: Clinical considerations, including pharmacies' ability to vaccinate without ACIP recommendations (e.g., COVID vaccine)

Other items from the membership

Next meeting – August 11 from
1:00 – 2:30 pm ET
